

**Use
Data
to
Make
a
Difference**

TASBO's FACTS database is a source for school districts in analyzing and comparing financial and staffing data using a CD-ROM. Now, the most widely used tool for analyzing Texas school district finances and staffing just got even better! Introducing **eFACTS+**, the next generation of FACTS.

Here's What's **NEW**

- + **eFACTS+** is web-based allowing you access from nearly anywhere. No more keeping track of a CD-ROM full of files.
- + In addition to easier access, **eFACTS+** provides you with a powerful suite of visualization tools. View graphics and the underlying data simultaneously!
- + **eFACTS+** includes added resources including external links to web sites, current AEIS reports, district maps and more.

**Transform
Data to
Intelligence**

Use Data to Make a *Difference*

What is **FACTS/eFACTS+**?

FACTS is an acronym for **F**inancial **A**nalysis and **C**omparison of **T**exas **S**chools. FACTS contains the past five years of financial, student, and staff information for every school district and campus in Texas. **eFACTS+** is an enhancement from its FACTS database, allowing multi-dimensional OLAP (On Line Analytical Processing) functionality and web-accessibility.

Why Do I Want It?

eFACTS+ is useful for trend analyses and comparisons to similar districts and campuses across the state. Benchmarking and other statistical analyses promote data-driven decisions and more effective uses of district and campus resources. **eFACTS+** automatically searches for comparable districts and

campuses by using criteria you select for comparisons. It is also easy to export data from **eFACTS+** for use in various reports and presentations.

Value

eFACTS+ reflects TASBO's mission to serve as *THE trusted resource for school business and operations*. Nowhere else will you find a more comprehensive solution to your analytical needs than with **eFACTS+**. Save time and money with **eFACTS+**.

Pricing

Annual subscriptions range between \$800 and \$5,000 depending on enrollment size or organization type. One to ten licenses come with the subscription. Additional licenses cost \$250 per license. TASBO also provides custom reports and research services for an hourly fee.
