Topic #3 _____

PROGRAM LAYOUT

- Available to TASBO members only; members may join the program at any time throughout the year
- Monthly virtual mentoring meetings
- This is a nontraditional mentoring program that does not assign a mentor to a protégé. There is a pool of tenured TASBO members serving as mentors for each group which allows for a robust learning experience.
- The program utilizes the Connect platform to create private communities for each mentoring group. Protégés can post questions/scenarios for the mentors who are monitoring the discussion boards. Additionally, protégés may reach out to mentors privately.

EXPECTATIONS

- To get the most out of the mentoring experience, we encourage protégés to engage in these programs fully.
- Leverage the opportunity to whatever extent is deemed appropriate; we do not take attendance at meetings or require specific levels of contribution.
- The program is designed to help those new to their role. We encourage members to enroll annually if they continue to find value in the guidance of the mentors.

I commit to the Mentoring Program guidelines and expectations.
